Stay at school

If you are looking for something a little closer to home then the NYOLS team can bring a range of activities to your school, college, youth centre or organisation.

Your group can benefit from our high-quality outdoor learning experiences without the need to travel to one of our centres. Running activity days on your site can be a convenient way to provide shorter sessions to multiple groups or could even be used as a training tool for running your own activities, such as orienteering and team building.

All our outreach days can be tailored to fit your needs and desired learning outcomes. Why not consider some of these popular requests?

- ✓ Activity days to improve personal and social development
- ✓ New 'year group' induction days
- ✓ Open day events for the public or organisations
- ✓ Progressive activity programmes on a weekly basis
- ✓ National Curriculum linked outdoor education sessions
- ✓ Whole school orienteering or team building days for teacher training

Cost per day is £390 per group of 15 students (£26 per pupil), plus transport costs (please contact us with your enquiry)
